

Admission Policy

Girls Global Academy uses the MySchoolDC common application lottery process to have families apply to Girls Global Academy. The process allows all girls in the District of Columbia who are interested in attending GGA the opportunity to do so. GGA will neither discriminate nor conduct aptitude or achievement tests for enrollment.

Lottery Preferences:

Girls Global Academy offers “Sibling Offered” preference for a student whose sibling is matched in the lottery or offered a seat from the waitlist. This preference allows siblings to attend Girls Global Academy at the same time. If the sibling is offered a space at the school and does not enroll at Girls Global Academy, or enrolls later at another school, the “Sibling Offered” preference may be removed for all siblings that applied to Girls Global Academy.

The second lottery preference Girls Global Academy offers is “Children of Staff”. This preference is for children of staff members who apply to Girls Global Academy. As there is no place on the application to indicate eligibility, Enrollment Office staff will notify My School DC directly if there are applicants that are eligible for Children of Staff preference.
