### B. Update on Board "Homework"

- Reminder to send head shots to Karen.
- Make transition to GGA email if you haven't already.
- Reach out to Jason if you've lost the intro message.
- Use GGA for all GGA business
- Re: the Board on Track tutorial on getting started- the last session was recorded. Max will share the link. If there's anything people are having an issue with, send it in an email message to Max. May ask Board on Track to do another session if there's something Max can't address or have Board on Track respond to the questions. We want to report any frequently occurring problems or issues.

Committee assignments look good in terms of balance.

### C. GGA Board "World" Recognition

"World" recognition postponed until the March meeting, in the interest of time.

## III. Finance

### A. Approval of EdOps Contract

In Jan 2021 Board meeting, voted to approve

- Student Data Support Contract for SY20-21 (July 2020 - June 2021)
- Finance Support Contract for SY20-21 (partial) (July 2020 - Jan 2021), pending results of SY19-20 Audit

Audit was successful and Finance Committee now recommends approval of EdOps Finance Support Contract through the remainder of SY20-21 (Feb 2021 - June 2021)

The Leadership team is developing a long-term strategy for financial support and oversight activities which impact the use of EdOps in future years

M. Colburn made a motion to Extend the EdOps Support Contract from Feb 2021- June 2021 for an additional \$20,000 beyond what has been approved to date (cumulative total is over \$25,000 for EdOps so a vote is required).

M. Levasseur seconded the motion.

The board **VOTED** unanimously to approve the motion.

## **B. Other Finance Updates**

Lease contract:

As a provision of the lease contract, GGA opened an account at Eagle Bank, then opened an account at Citibank instead

This is an account into which money is swept to pay the lease

Board has to approve closing the Eagle Bank bank account

K. Bryant made a motion to Close the Eagle Bank account.

B. Blaufuss seconded the motion.

The board **VOTED** unanimously to approve the motion.

Updates:

Leadership has added a Special Education independent consultant to better support the student body.

The cost is \$20,000, which is above the \$15,000 Leadership team threshold- but it's below the Board voting threshold so it's only being reported

We haven't had a quarterly update, but are on track with the financials

Finance Committee meeting minutes are in Board on Track

We are spending against plan

The Jan 2021 financial report is fine

Management action plan for the audit:

Priorities, goals, and assumptions are being addressed

Leadership team has put together a management action plan

Bylaws and records are being updated by the Governance Committee

Received the final audit report but it arrived too late to include in tonight's meeting so it will be voted on in March

Even though an audit wasn't required it puts us ahead of the curve for stronger policies and streamlined processes- plus sufficient oversight. It supports managing the money and school in a fiscally responsible way.

Presented new timeline for the budget:

Maura reviewed the Budget Process calendar. We're still on track.

Does a good job of laying out the way the school is growing, consistent with the board and leadership expectations

Top six priorities are around the staffing, curriculum, and supporting the students

Leadership team did a great job in setting expectations for the numbers next month.

## **IV. Academic Committee**

### **A. Highlights on Students, Program, and Faculty**

Revisited goals and added

"Foster commitment of staff to the mission and success of GGA"

How to measure outside of equal narratives and retention...

Attendance is holding steady

Shayne doing wake up calls as an intervention

Biweekly meetings to discuss chronically absent students

If three students are absent, it makes a huge difference in the numbers (percentage)

Support Saturday program has started

Students attend from 10 am to Noon  
Built in independent work time and individualized support as well

ACT Aspire was given  
Highest leverage topic- skill to support math and reading growth  
Numeracy and conceptual understanding of math  
How can everyone support girls as readers?

Next data point is in March- trimester finals  
Support services team can support more students during the day.  
Putting measures in place to add support

Kevin questioned who established the benchmarks  
The GGA goal is to have 30% meet standards  
ACT Aspire goals are set

All states are still going to do testing  
We need to know how we're doing  
We are using ACT Aspire because ACT is something that students will take long term. The assessment will grow with students over time.  
Good way to measure progress. It's a nationally known assessment.

Our job is to support growth of these girls and not compare to a benchmark

PARCC data should not be a shock

This is a shared responsibility. Need to show progress holistically

Good to learn more.

Looking at this from a growth point of view vs what's missing

## **V. Student Recruiting Committee**

### **A. Review Progress Metrics**

22 applications came directly from students  
Engaging with Washington School for girls- good partnership  
Retention has been good- we're at 69  
Great job- n target  
Goal is to follow up on all families  
Some wellness checks have been done. It will be great to check in on families for the next month.  
Sent stickers and magnets in the mail as well as the curriculum guide

Julie has been doing a great job

The focus is on getting more leads- continuing to push leads  
Working with community organizations, 'Invite a Friend campaign', open houses in March

Proactively working on retention  
Building tours on March 6th  
Wellness calls will continue to solidify engagement  
Shout out to those who have been making the wellness calls. See if they have questions. Thank them for choosing GGA. 'Great experience'

Received 215 applications, with 102 designating GGA in their top 3 choices  
102 are in the top 3

On target for next year- not calling it done but on track  
Typically there is 10- 15% attrition, which would mean 6 or 7.  
It so happens that 6 have made it known that they are applying to other schools

Every ward is represented in the applications, which was one of GGA's goals

## **B. Update on Next Recruiting Activities**

## **VI. Development Committee**

### **A. Recent Development/Fundraising Activity**

Budgeted \$250 for training from 3rd party providers  
Board on Track also contains training resources which provide a better understanding of the board role in the fundraising domain

Discussed March event  
Focus is on cultivating relationships for future asks  
Board is invited to be part of this effort  
Potential panelists and keynotes are being contacted- looking for additional recommendations

Karen shared data on individual giving  
Goal for overall board goal individual giving- \$30,000. We are at 58%  
This breaks down into \$10,000 for the Board, \$20,000 from high value donors-  
so \$30,000 is organizational overall board goal

End of year Because Girls Matter campaign exceeded the goal- \$12,369.30 vs  
\$10,000 target  
Goal was 80 donors, but we had 38. Working to increase this.  
Average gift size was \$250  
This campaign is still up on the website

We have met 100% board giving criteria

Question was asked about planned fundraising activities  
- What are the reasonable expectations for the Board

Noted that GGA is more reliant on personal connections, foundations, and Federal grants  
Strategies need to be laid out  
Development plan will be the focus of the Development Committee meeting this week

## **B. Upcoming Work**

## **VII. Executive Director's Report**

**A. General Status of Student Body and School Operations**

**B. March Women's Event**

Looking for woman to spotlight every day during the month of march and to attend the summit

Individuals are being recommended for panelist or keynote roles in the spreadsheet that Karen set up.

The plan is to have two 5 person panels

People are being recruited to be 'spotlights', then selection

Panelists need to be asked/selected

There's a form letter for the ask to be a spotlight

Karen showed a template for Instagram and social promotion- Quote that inspires them will be included next to their picture

Panel confirmation will be finalized at the end of the week

Presentations by students will be made, as well. Board is invited to attend.

Board members can also volunteer to do interviews

**VIII. Closing Items**

**A. Adjourn Meeting**

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 8:35 PM.

Respectfully Submitted,

E. Harris
