BULLYING PREVENTION POLICY

Girls Global Academy expects students to treat one another in accordance with the values of the school and contribute to a positive and joyful culture. Acts of bullying interrupt and disrupt the learning experience for our school community. GGA aims to provide a safe, inclusive, and equitable environment and all members are encouraged to report incidents of harassment, intimidation, and bullying. The bullying policy is intended to describe how the school will identify, prevent, and respond to bullying, to work with students and families to remedy situations, and to connect students with services as needed.

Bullying Defined

Bullying means any severe, pervasive, or persistent act or conduct whether physical, electronic, or verbal that:

1. May be based on a youth's actual or perceived race, color, ethnicity, religion, national origin, sex, age, marital status, personal appearance, sexual orientation, gender identity or expression, intellectual ability, familial status, family responsibilities, matriculation, political affiliation, genetic information, disability, source of income, status as a victim of an intrafamily offense, place or residence or business, or any other distinguishing characteristic, or on a youth's association with a person, or group with any person, with one or more of the actual or perceived foregoing characteristics; and
2. Can reasonably be predicted to:
 - a. Place the youth in reasonable fear of physical harm to their person or property;
 - b. Cause a substantial detrimental effect on the youth's physical or mental health;
 - c. Substantially interfere with the youth's academic performance or attendance; or
 - d. Substantially interfere with the youth's ability to participate in or benefit from the services, activities, or privileges provided by an agency, educational institution, or grantee.

Cyberbullying is defined as any bullying done through electronic means which meets the definition of bullying above, including, but not limited to, social media, electronic mail (email), texting or tweeting.

Retaliation is any form of intimidation, reprisal, or harassment directed against a student who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying.

Bullying is prohibited

Bullying is prohibited on school grounds, property immediately adjacent to school grounds, at school sponsored or school related activities, functions or programs whether on or off school grounds, on or off a school bus or other vehicles owned, leased or used by the school, at any transit stop at which youth wait to be transported to the school or an event sponsored by the school, or through the use of technology or an electronic device owned, leased or used by the school.

Bullying is also prohibited at a location, activity, function or program that is not school related through the use of technology or an electronic device that is not owned, leased or used by the school, if the act or acts in question create a hostile environment at school for the victim, infringe on the rights of the victim at school or materially and substantially disrupt the education process or the orderly operation of a school.

Retaliation against a youth, volunteer or staff member who reports bullying, provides information about an act of bullying, or witnesses an act of bullying is also prohibited.

Administrators will make expectations clear to students and staff that bullying will not be tolerated and will be the grounds for disciplinary action up to and including suspension and dismissal for students. Retaliation against anyone who reports bullying, provides information about an act of bullying, or witnesses an act of bullying is also prohibited.

Bystander Policy

Students are expected to report rumors of bullying, planned bullying, as well as bullying actually observed. Students who watch and laugh, but do not report what they have witnessed, are considered bystanders and will be treated as participants.

Investigation Procedures

The Dean of Students will be responsible for investigating reports of bullying and can be contacted at 202-600-4822 or via email. If an incident of bullying or retaliation is reported, the Wellness Specialist will respond quickly and appropriately to investigate and intervene. Complaints or reports of bullying/ retaliation will be investigated in an adequate, reliable and impartial manner. Each investigation will include, as necessary, interviewing witnesses, obtaining documents and allowing the complainant and accused to present evidence.

Investigations will be initiated within two (2) business days of receiving the complaint. During that time, the Assistant Principal of Culture and Counseling will also take the following steps:

- create a written record of the complaint, which will also be included in the final determination letter;
- take appropriate action to protect, to the extent possible, the safety of the alleged target, which may include contacting relevant parties, intercepting the target or

alleged perpetrator if information is received regarding a pending act of bullying or retaliation, and ascertaining the presence of teachers or other employees at a location that has been identified as the site of a pending act of bullying or retaliation;

- inform the target, alleged perpetrator, and if applicable, witnesses, of the alleged incident and of the initiation of the investigation;
- make a good-faith attempt to inform the parents or guardians of the target about the alleged incident and any planned investigation, if the target is less than eighteen (18) years of age and if the contact information for the parents or guardians is available or can be requested. If the Assistant Principal of Culture and Counseling determines that informing the parents or guardians may cause harm to, or endanger the health or well-being of the target, the Assistant Principal of Culture and Counseling shall document facts giving rise to such determination, and document the decision not to inform in writing;
- make a good-faith attempt to inform the parents or guardians of the alleged perpetrator about the alleged incident and any planned investigation, if the alleged perpetrator is less than eighteen (18) years of age. If the Assistant Principal of Culture and Counseling determines that informing the parents or guardians may cause harm to, or endanger the health or well-being of, alleged perpetrator, as the case may be, the Assistant Principal of Culture and Counseling shall document facts giving rise to such determination, and document the decision not to inform in writing; and
- take into account whether the individuals involved have disabilities and whether there are resulting protections or considerations that must be included in the investigation.

Within thirty (30) days of receiving a report of bullying, the Executive Director will conduct the investigation and respond to the parents of the students involved in writing, summarizing the course and outcome of the investigation and identifying an appropriate resolution. The written determination will also include the following:

- A description of the incident(s) including the names of individuals involved and behaviors alleged, location of occurrence(s) and whether or not bullying occurred;
- Whether the incident was based on a trait that is covered in the Human Rights Act (as listed in the definition of bullying); and
- The actions that were taken as a result of the findings.

If it is determined that bullying has occurred, appropriate corrective and remedial action will be taken. Girls Global Academy will make determinations as to whether a reported

incident constitutes bullying based on all of the facts and circumstances surrounding the incident. Girls Global Academy will use a preponderance of the evidence standard (i.e., more likely than not that bullying occurred) when resolving complaints.

Steps will be taken as necessary to protect suspected victims of bullying during the course of the investigation process. Girls Global Academy will make every effort to protect confidentiality during the course of the investigation. However, if the Wellness Specialist learns during the course of the investigation that the reported incident involves criminal activity, the Wellness Specialist shall communicate such information to the appropriate enforcement agency. If the reported incident or statements during the investigation indicate credible and imminent threat of harm or criminal activity, the Wellness Specialist and Assistant Principal of Culture and Counseling shall immediately report such information to the appropriate law enforcement authorities and to the Assistant Principal of Culture and Counseling. The individual responsible for conducting the investigation will be responsible for making determinations about confidentiality.

Girls Global Academy will take steps to provide the complainant and accused with periodic updates on the status of the investigation. Once a determination has been made, Girls Global Academy will notify the complainant and accused about the outcome of the investigation, the result of any school disciplinary proceeding that results and the appeal process. The Assistant Principal of Culture and Counseling will determine if parents or guardians should be informed prior to or after the investigation of the incident.

Girls Global Academy may notify appropriate law enforcement agencies if school staff determine that the behavior cannot be safely and appropriately handled through school-based disciplinary action. Law enforcement agencies will be notified if mandatory reporting requirements are triggered.
